"Fruit-a-tives" Prevents **Auto-Intoxication**

Auto-intoxication means selfpoisoning. Many people suffer from partial Constipation or insufficient action of the bowels. Waste matter which should pass out of the body every day, poisons the blood.

As a result, there is Headache, Indigestion, disturbed Stomach, lack of sleep, Rheumatism and Eczema. "Fruit-a-tives" will always relieve Auto-intoxication as these fruit tablets, made from fruit juices, act gently on the bowels, kidneys and skin and keep the blood pure.

The Block Signals Are Working_

In some respects, human experience is like railroading. Bvery moment of the business and social day the block signals are giving right of way to keenness and alertness -while the slow and the heavy must wait on the sidetrack for their chance to move forward. The ability to "go through" and to "get there" depends much on the poise of body, brain and nerves that comes with correct diet and proper nourishment.

That's why so many choose Grape-Nuts for breakfast and lunch. Served with cream or milk it is completely nourishing, partly pre-digested, and it supplies the vital mineral salts so necessary to full nutrition.

Orape-Nuts has a rich, delightful flavor, is ready to serve on the instant -and is distinctly the food for mental and physical alertness and speed. At all grocers.

> "There's a Reason" for Grape-Nuts
